Dear Mr. Orman:

I am pleased to inform you that the Mississippi Manufacturers Association Political Action Committee has endorsed your candidacy and has approved a contribution for your campaign for election to House District 2.

The Mississippi Manufacturers Association PAC supports candidates who support the growth of manufacturing, which pays some of the highest wages and provides some of the best benefits in our state. Manufacturers pay \$6 billion in wages and salaries, directly employ 180,000 Mississippians, and contribute to the creation of another 600,000 jobs.

This contribution comes with MMA's endorsement and will allow you to place the MMA-PAC on your list of supporters. We will encourage our members in your district to support your campaign and to vote for you on Election Day.

Please call Mark Leggett, John Baas or Russell Bennett at 601-948-1222 if you have further questions or if you want to schedule a public announcement of this support. We look forward to working with you during the campaign and in January.

Sincerely,
